Pushing for a Purpose

PERRY'S.

We make no secret of our concern lest we fail to keep engagements with our own plans. The all-important thing with us now is to be ready to put the entire addition to our store area into commission the instant it is done.

That has shrunken prices some. We want to be ready, too, to take stock the first of next month as usual-and we want to have as little as possible on hand at that time.

That has shrunken prices some more. Both contingencies, coming to a focus at about the same time, joins reduction to reduction-concession to concession-

and provides you with a most important shopping privilege. But we tempt you with the best qualities. We are not forgetting that the confidence of the community rests with us. Neither of these occasions is permitted to be made the vehicle in which to ride untrustworthy values.

If it is labeled "bargain" here you can count upon its being a bargain.

Hosiery-

If it isn't good you don't want it, no matter what the price. But it is good-and it is cheap-is a bargain-every pair of Hose here. You know that because it is an offering of regular stock-and our regular stock is always above suspicion. Make free with this opportunity.

"NINTH AND THE AVENUE."

Ripans Tabules.

Mrs. James Taylor, who resides at

No. 82 Bailey avenue, Kingsbridge, New York, on the 14th of December, 1894, said: "My age is 65 years. For the past two years I have had liver trouble and indirection. I always employed a physician, which I did in this case, but obtained no beneficial results. I never had any faith in patent medicines, but having seen Ripans Tabules recommended very highly in the New York Herald, I concluded to give them a trial. After using them for a short time I found they were just what my case demanded. I have never employed a physician since, which means \$2 a call and \$1 for medicine. One dollar's worth of Ripans Tabules lasts me a month, and I would not be without them if it were my last dollar. They are the only thing that ever gave me any permanent relief. I take great pleasur in recommending them to any one similarly affected. Mrs. J. TAYLOR." (Signed)

Ripans Tabules are sold by druggists, or by mail if the price (50 cents a box) is sent to The Ripans Chemical Company, No. 10 Spruce st., New York. Sample vial, 10 cents.

PARADE OF WHEELMEN

Such an Event is Proposed for Christian

Difficulties in the Way of Arranging the Date of This Unique Method

"Christian Endeavorers all believe in the wheel," said Chairman W. H. H. Smith of was called to the action of the local wheelmen in proposing a bicycle parade for delegates to the July convention. "I believe it is a splendid idea—a very graceful courtesy on the part of District wheeling clubs, and

I am sure it would be appreciated by all

the delegates. Those who ride would derive

great enjoyment from taking part in the

of Entertainment.

demonstration, and those who do not would take pleasure in looking on." Chairman Jerome F. Johnson of the excursion committee, which has supervision of excursions and bicycle runs for the Enof excursions and bicycle runs for the Endeavorers attending the convention, also heartily indorsed the plan. He said he was sure if the line of parade could be properly roped off, so that the spectators would be prevented from crowding in on the riders, it would be a great success. Previous efforts in the way of bicycle parades, he said, had here the sure of the said of the sure of the said of the sure of the said of the had been somewhat marred in their picturesque effect because of the crowding. If it were possible, said Mr. Johnson, to allow the wheelmen to spread out and present a wide front he was quite certain the parade would be one of the most pleasant features arranged for the benefit of the visiting

A Conference Probable.

It is likely that the Christian Endeavor excursion committee and the committee of wheelmen appointed by the league at its meeting Monday night will confer with each other as to the date and time fo holding the parade. The committee of '96 would be unwilling to officially indorse any exercise or entertainment that would in any way conflict with the convention meetings. Delegates, they say, come to Wash-ington primarily for the purpose of attending the great meetings and hearing the notable speakers, so as to gain an inspira-tion and enthusiasm which shall leaven the societies in all parts of the country. Any-thing planned for their pleasure that does not conflict with the meetings is encouraged by the committee.

Saturday May Be Chosen. Every evening during the continuance of the convention, except Saturday evening, meetings have been planned. They begin at 7:30 and close at 9:30. If it is the purpose to have the parade after dark, say the members of the committee, Saturday evenmemoers of the committee, Saturday even-ing, July 11, will be the only available evening. Saturday night has been set apart on the convention program for recep-tions to state delegations at their several church headquarters, but those who might desire to take part in or view the parade could get to their receptions late or leave

them early enough to do both.

If it would be inconvenient for the wheelmen, on account of their racing meet Saturday afternoon, to give the parade that evening, then the committee members who have expressed an opinion on the sub-ject think Friday evening would be the next best time. Friday afternoon convention engagements are such as not to claim the attendance at meetings of all the delethe attendance at meetings of all the delegates, hence, in the opinion of the members of the committee, if the parade were started at, say, 6:30, it would surely be well attended. Some of the committee, notably Chairman Smith, believe that a parade in the early evening would be more interesting and better attended than one after dark. If held after dark it would necessitate the visitors providing themselves with lanterns. visitors providing themselves with lanterns, and many would not care to go to that trouble and expense, it is thought.

Details to Be Arranged. These details of the parade, the time of day and date for the demonstration, can, however, be arranged at a conference be-tween the whelmen's committee and the excursion committee for the convention. The main idea itself is heartily concurred in by the Endeavorers. There will cer-tainly be brought into Washington at the time of the convention a very large number of wheels. The excursion committee has not yet obtained sufficient data upon which to base an estimate, but reports from all over the country indicate that wheelmen will not fail to take advantage of the ideal streets in this city, whose fame is known all over the country. There is information at headquarters to the effect that one provincial delegation from the Dominion of Canada will come with one whole carload of bicycles, and certainly the other delegations will come well provided with wheels. The bicycle parade ought to prove a popular feature.

SATOLLI'S SUCCESSOR. Nothing is Known of His Rumored Selection at the Papal Legation. Nothing is known at the papal legation about the rumored selection by the pope of Monsignor Falconio, titular archbishop of Acerenja, to succeed Cardinal Satolli as apostolic delegate to America. Dr. Rooker said this morning that no information had been received by Cardinal Satolli about the matter, and that the latter would continue

to perform the duties of apostolic delegate until his successor is named.

Archbishop Falconio, whose name is now so prominently mentioned in this connection, is a close friend of Pope Leo and en-\$4 Satin Damask.....\$2 yd. \$6 Satin Damask.....\$2.75 yd. \$3.50 Plain Satin.....\$1.50 yd. \$1.50 English Plush.....\$60c. yd. He was made bishop of Lacedonia in 1892 and last November was elevated to the titular see of Acerenja. He is about fiftyfive years old and during his long resi-dence in this country and Canada acquired a valuable familiarity with the affairs of the church in America.

IN FAVOR OF MR. SITES.

Meeting of East Washington Citizens

to Secure His Retention.

A number of Prof. Sites' friends met last night at the residence of Col. W. T. Pierson, 226 5th street southeast, for the purpose of organizing in opposition to the removal of the principal of the Eastern High not propose to have the man who, they claim, has brought it up to its present high standard removed without just cause. It was asserted by some of the speakers that the graduates from that school have althe graduates from that school have al-ways averaged higher in all contests than graduates from any of the other schools. From petitions that have been circulated in that section to obtain the sense of the people, it was claimed that only about 3 per cent favor a change of principal. Col. Hill, the chairman of the meeting, appointed a committee of five to confer

appointed a committee of five to confer with Prof. Powell, Mr. Whelpley, the truswith Prof. Powell, Mr. whelpley, the trus-tee for that school district, and the other members of the committee having the mat-ter in charge, in reference to the matter, and to call a mass meeting if it is deemed necessary. One speaker advocated a connecessary. One speaker advocated a con-gressional investigation of the whole public school system, as, he said, it had been manifest to him for some time that certain officials were not performing their duties in a manner satisfactory to the supporters of the schools.

It was stated that the object of creating

the vacancy in the principalship of that school was for the appointment of Mr. Angostura Bitters, manufactured by Dr. Slegert & Sons. At all druggists.

Additional Scholarships.

In addition to the scholarships awarded to High School students, as announced in last evening's Star, the Woman's College of Baltimore awarded one to Miss Alice Putnam of the Eastern school and Miss Josephine Davis of the Western school. Miss Rosalle Robinett of the Eastern sequence to Miss Alice Putnam of the Eastern school and Miss Shipman's letter. She has done him harm only amongst those who do not know him."

Superior Merit.

REMARKABLE CURATIVE PROPERTIES OF A NEW REMEDY FOR INDIGENTION AND STOMACH WEAKNESS.

Stuart's Dyspepsia Tablets, a new preparation for the cure of dyspepsia and the various forms of indigestion and stomach trouble, owes its great suc-cess as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs ONLY and is not recommended or advised for any other disease. It is not a cure-all, but for any stomach trouble it is undoubtedly the SAFEST, most sensible remedy that can be advised with the prospect of a perma-nent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which acts effectively in digesting the food eaten, thereby esting and invigorating the weak stomach; REST s nature's cure for any disease, but you cannot rest the STOMACH unless you put into it something that will do its work or assist in the digestion of food. That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs or similar wholesome foods. They will digest the food whether the sto mach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and REST and NOURISHMENT is nature's cure for any weakness. In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food, which the weak stomach cannot do; they increase the flow of gastric juice and prevent fermentation, acidity and sour watery risings.
Stuart's Dyspepsia Tablets can be found at all drug stores at 50c. per package.
